CALL TO ORDER  
The meeting was called to order at 7:30 a.m.  

APPROVAL OF MARCH 18, 2015 MINUTES OF CRIMINAL JUSTICE MANAGEMENT COUNCIL RETREAT  
MOTION by Burke/Kruse to approve the March 18, 2015 minutes of the Criminal Justice Management Council Retreat. **Motion carried unanimously.** (T. Johnson, Gruenke, Helgeson, Zindorf, Desmond, McHugh, Gunderson & Hampson excused)  

PUBLIC COMMENT  
There was no public comment.  

STATUS REPORTS  
Sheriff – jail population has been holding steady at about 180, which is good news.  

Human Services – The Evidence Based Practice Group and the Cultural Competency Committee are both beginning to meet. Also doing a lot of work for Juvenile Justice Compression Planning with Judge Teske. Human Services staff has been focusing around advocacy regarding system changes proposed in the Governor’s Budget for the long term care system and are hopeful that the message is getting through that it isn't in the best interest of the customers.  

Judges – Now that construction has begun on Lot C, the old Courthouse bell and the marker from the old Courthouse are being stored by the County. The groups responsible for this monument will be contacted and these organizations, along with the County, will be deciding what to do with these items.  

County Board – there is an ordinance coming this month through the Judiciary & Law Committee and the Health & Human Services Board regarding Social Hosting (alcohol).  

EBDM Workgroup – this group met yesterday to discuss phases 4-6 of the plan. The first 3 phases have already been completed. They assigned roles, and Lisa Kruse is the Chair. The next meeting is in May, where they will discuss what values are important in moving forward. They are pulling together data points that have been requested and they will be having a retreat in June at the Heidel House.  

RETREAT FOLLOW UP:  
There were two themes that came out of the CJMC Retreat last month:  
a. Legislative Sub-Committee – Some issues to be discussed were: 17 year olds returning to the juvenile system; Ban the Box legislation; Gun legislation; State core budget; and Oversight of the juvenile supervision to the Department of Children and Families from the DOC. One suggestion was to contact Legislators Steve Doyle, Jill Billings and Jennifer Shilling asking them to forward any information about potential
legislation in these areas. Jane will contact their offices and have them send any information to Judge Montabon. The council felt an actual sub-committee was not needed at this point.

b. Ordinance Update – The Mission/Vision Statements of the CJMC were revised last month, so the La Crosse County Ordinance will need to be updated. This will be put on next month’s agenda since a couple of the County Board members are not here today.

COLLABORATION SURVEY RESULTS
Jane handed the Collaboration Survey results out at the retreat and today showed a slide with the results. Jane focused on the areas where we need some more work although none were terribly negative.

#3 – Situation is crucial; we must act now – this one was a little bit higher.

There were clearly defined roles – we looked at these a bit at the retreat and there was nothing that caused concern.

#16 – Members are more interested in getting a group decision than improving the position of their home organization. Ideally one would want this to be as close to 1 as possible; it went up slightly. Felt that this one was important and should be discussed as a group.

#25 – Divergent opinions are expressed and listened to – this was very close to 1, so members feel that there is discussion and that no one person takes over.

#39 – Our group is willing to confront and resolve performance issues – this went from 2 to 1.4.

MEASURES FOR JUSTICE
Jane Klekamp received an e-mail from the Measures for Justice Organization indicating an interest in presenting data to La Crosse County. They would review data and give a report. Some counties have a concern about this organization because it looks primarily at readily-accessible data, but they don’t take some of the nuances into consideration. The goal of this organization is to help local government find a systematic way of gathering data. Jane asked if the council is interested in participating. There were no objections so Jane will contact them to begin the process.

QUARTERLY REPORT
This has not been completed yet.

INFORMATIONAL/MISCELLANEOUS ITEMS
* Add to the legislative list – “people who lie about military record”
* Jane will send link re: Measures for Justice

FUTURE AGENDA ITEMS
* Ophelia’s House update
* Update on 2nd Chance – jobs for those getting out of jail
* Putting police officers in the community is working well – Is there anything the CJMC can do to support this (grants/resolution)?

Recorded by Jane Klekamp/typed by Terri Pavlic
