MOTION by Melby/L. Kruse to approve the September 19, 2018 minutes of the Criminal Justice Management Council. Motion carried unanimously; Burke, Gonzalez, Kruse, Medinger, Rifenberg excused.

PUBLIC COMMENT: There was no public comment.

STATUS REPORTS:

Sheriff’s Department – jail population is running around 200 the last few months; Oktoberfest numbers were down a bit this year.

Public Defender – our region is getting an award for the most Community Outreach for the State

DOC – attended a management conference for skills practice; they are close to signing a contract for Ophelia’s House.

Human Services – Matt Strittmater, Manager of Mental Health & Substance Abuse, has accepted another position as Director of Health & Human Services for Sheboygan County.

County Board – Working on 2019 Budget

Pretrial workgroup – Mandy will be asking for a Letter of Support from the CJMC. The Laura and John Arnold Foundation, founder of PSA, is putting out a RFP to select 10 jurisdictions across the nation to be pretrial research and implementation sites.

THOROUGH REVIEW OF ARREST REPORT DATA
Dr. Lisa Kruse presented TA Data: Next Steps. This summarizes a presentation from Hunter Hurst in August, and steps we can do going forward.

5 Recommendations
1. High arrest rate
2. Disproportionate Minority Contact (DMC) Data
3. “Other” and “Society” crimes
4. LCPD Data Analyst
5. “High functioning” CJMC

What are we Doing?
• Juvenile Justice Task Force
DMC contact: disorderly contact and formal responses
“Other” crimes: truancy a focus act
- Perception Institute and Racial Justice Training through YWCA
- Pretrial and screening tools – validated, universal screens?
- Drug Treatment Court Evaluation
  - Why are fewer minorities referred to court?
  - Why are minorities less successful in drug treatment court?
  - How to address treatment and housing shortages?
- Fresh Start: Reentry for those with Co-occurring disorders
  - Substance abuse and mental health – seamless connection of services from jail to community

**What Else Could We Do?**
- Milwaukee’s “Safety + Justice” Challenge
  - Book and release program for low-level, non-violent misdemeanors
  - Integrated approach to mental health services – share data to better identify resources for alternatives to incarceration
  - New trauma strategies for addressing racial and ethnic disparities in system
- Milwaukee has already shortened the supervision time for those on probation

**LCPD Data Analyst**
- One recommendation already achieved – PD has analyst
- Analyst should work on better reporting of race and ethnicity and location of incident
  - GIS mapping → problem-oriented policing approaches (EBDM and harm reduction)

“**High Functioning**” CJMC
“A high functioning CJMC will sustain...regular statistical reporting (for) accountability... and (to) help focus resources on deeper explanations”
- Quarterly reports and cumulative disadvantage work → continue working to provide good data and discussions
  - Focus in on problems in community and approach with EBDM
- LCPD Data Analyst → presentation on GIS, etc
- How does this council maintain a status of “high functioning?”
- Messaging?

**FUTURE MEETINGS:**
