AN ORDINANCE TO AMEND CHAPTER 22 ENTITLED “HISTORIC SITES PRESERVATION COMMISSION” OF THE GENERAL CODE OF LA CROSSE COUNTY, WISCONSIN

ANALYSIS

The changes to Chapter 22 “Historic Sites Preservation Commission” by amendments include the following:

- The change authorizes the guidelines to be considered by the Commission. The Commission’s review is advisory only;

(d) Upon filing of any application with the Commission, the Commission shall consider the following guidelines in reviewing the application:

2. Whether the historic character of the property shall be retained and preserved. The removal of historic material or alteration of features and spaces that characterize a property shall be avoided.

3. Each property shall be recognized as a physical record of its time, place and use. Changes that create a false sense of historic development, such as adding conjectural features or architectural elements from other buildings, shall be discouraged;

4. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property should be preserved;

5. Deteriorated historic features should be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature should match the old in design, color, texture and other visual qualities and, where possible, materials.

The surface cleaning of historic structures shall be undertaken using the methods promulgated by the U.S. Department of the Interior, National Park Service, the Secretary of the Interior’s Standards for Rehabilitation and Guidelines for Rehabilitation Historic Buildings (36 CFR 67 and 68 as amended).

7. New additions, exterior alterations, or related new construction should not destroy historic materials that characterize the property. The new should be differentiated from the old and should be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.

8. New additions and adjacent or related new construction should be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

(e) Ordinary maintenance and repairs shall be undertaken without an application to the Commission provided that the work involves repairs to existing features of a historic property site or the replacement of elements of a property or site with materials similar in appearance and provided that the work does not change the exterior appearance of the property or site and does not require the issuance of a building permit.

22.06 VOLUNTARY RESTRICTIVE COVENANTS.

(1) The owner of any historic structure or site may, at any time following such designation of its property, enter into a restrictive covenant on the subject property after negotiation
with the commission. The commission may assist the owner in preparing such covenant in the interest of preserving the historic property. The owner shall record such covenant in the County Register of Deed's Office, and shall notify the County Historical Society of such covenant and the incorporated conditions thereof.

22.08 RECOGNITION OF HISTORIC STRUCTURES AND SITES. At such time as a historic structure or site has been properly designated, the Commission may cause to be prepared, at County expense, a suitable plaque declaring that such property is a historic structure or site.
