NEW BUSINESS
Discussion of La Crosse County Veterans Service Commission Guidelines. Would like to implement a Resource into the Application process to inform a veteran of other resources available. Ms. Porter will reach out to Consumer Credit Counseling Service to see if they may be able to assist veterans with budgets.

Veterans would be eligible to ask Commission for assistance, however, the second request, whether in the same year or a subsequent year, would be asked to meet with another resource. This resource may be someone who can assist with budgets, electrical assistance, employment, etc. The veteran would be asked to bring the sheet to the meeting to show Commission what they have done to, possibly, prevent future risks from developing.

Further discussion will be held in order to identify what resources should be identified to an applicant and what the process for the applicant would be in order to show Commission that they have sought this resource. Once a process has been developed, a date will be set for implementation of it.
