BEARINGS A	ARE REFERENCED TO
GRID NORTH	AS PER SECTION DATA.

Describe any record evidence, monument evidence, testimonial evidence or any other material evidence you considered and whether the monument was found or restored through acceptance of an obliterated evidence location.

I set this corner on line with the occupied line to the West and at equal distances from the SW and SE section corners of Section 14. This also fits the East-West fence at the S1/16SW corner too. After inspecting and surveying along the South line of Section 14, I feel that this best retraces the old section line as previously surveyed. I set an iron bar and cap at the corner.

Describe or show any material discrepancy between the location of the restored corner and that of the corner previously restored or reestablished.

NONE KNOWN.
