TYPE OF LA	ANDMARK WITH AN ALUMIN	IUM CAP.
BEARINGS A	RE REFEREN	CED TO
ASSUMED NOR	RTH AS PER SEC	TION DATA.

Describe any record evidence, monument evidence, testimonial evidence or any other material evidence you considered and whether the monument was found or restored through acceptance of an obliterated evidence location.

Chris Fechner set an iron bar at this corner in 1999. He set it on line with the old line fence to the South and equidistant between the section corners. At that time he discussed the placing of the corner with me. I agreed with this method. I found the bar, capped it, and tied it off. The corner falls about 78 to 79 feet or so North of the downed fence corner.

Describe or show any material discrepancy between the location of the restored corner and that of the corner previously restored or reestablished.

NONE KNOWN.

DURABLE WITNESS MONUMENTS RECORD OF

		MAGNETIC
NO	DESCRIPTION	BEARING DISTANCE
1	SET A NAIL IN S.WSIDE OF A 5" TAMARACK	N 63° W SLOPE= 17.69'
